Summary

I am a B.Tech graduate in Computer Science and Engineering from Neotia Institute of Technology, Management and Science, with a strong academic foundation in programming languages like C, Java, and SQL. As a responsible and detail-oriented individual, I am eager to gain my first work experience and contribute to an organization's success. I am keen to learn new skills, enhance my abilities, and grow both professionally and personally.

Databases: MongoDB, MySQL

Projects

Hotel Booking App (Ongoing) | *Jetpack Compose, Kotlin, Node.js, MongoDB, Figma*

- Designed interactive UI/UX in Figma, creating wireframes and prototypes to ensure a smooth user experience.
- Developed a full-stack hotel booking application where users can search, filter, and book hotels based on location, accommodation type, and availability.
- Built a backend API with Node.js and Express.js.

Note-Taking App | *HTML, CSS, JavaScript, Node.js, Express.js, MongoDB*

- Developed a web-based note-taking application to create, edit, and delete notes.
- Built a RESTful API using Node.js and Express.js, handling note creation, updates, and deletions.

Portfolio Website | *HTML, CSS, JavaScript*

- Developed a personal portfolio website to showcase my skills, projects, and contact details.
- GitHub : <https://github.com/Ankita-Bera/Portfolio.git>
